London, 4 June 2003 – The Credit Suisse Asset Management (CSAM) team are back on tour with a series of IFA product briefings throughout June and July. At the Breakfast Briefings, the CSAM sales team will discuss the case for Multi-Manager Funds, the themes driving fund selection and the latest changes that have been made to their product offering. Video presentations from the Multi-Manager investment team will also be shown.

Commenting on the Breakfast Briefings, Ian Chimes, Managing Director of CSAM Funds (UK) Limited says: “I am delighted by the increased demand we have had for our Multi-Manager Funds which are clearly proving to be an attractive product offering for intermediaries in these volatile conditions. Furthermore, our Team at CSAM has proven its ability to seek out the best investment management skills from fund management groups around the world with 82% of our Multi-Manager portfolios outperforming their IMA sector average and 50% being top quartile since launch*. The Constellation Portfolio is ranked in the 1st decile of the 185 funds of the global equity growth sector since launch.**”

Robert Burdett, Joint Head of Multi-Manager Services says: “With 11 of our fund of funds range now available as stand alone investment options there is a lot to talk about. We’re planning on holding similar briefings during the remainder of the year and will attempt to target as many areas of the country as possible. Further dates will therefore be released in due course.”
