

Credit Suisse Private Advisors AG Effective diversification solutions for US investors

Are you overexposed to the US stock market & US dollar? Are you seeking ways to diversify your investments? Credit Suisse Private Advisors is uniquely positioned to offer US resident clients direct access to an unlimited universe of international securities via broker or investment professionals.

When you invest through Credit Suisse Private Advisors, you gain direct access to global investment opportunities. Credit Suisse Private Advisors gives investors the ability to purchase over 200,000 stocks, bonds and other instruments directly, instead of through American Depository Receipts (ADRs) or mutual funds.

What We Offer

The volatility of recent markets highlights the importance of risk management. Investing with Credit Suisse Private Advisors provides several advantages:

- Direct investment in over 200,000 equity and fixed income securities
- Active multi-currency portfolio management strategies
- Geographic diversification
- Transparent performance reporting
- Personal, direct access to product and portfolio management strategies
- Renowned Swiss Private Banking approach with high-quality service

A relationship with Credit Suisse Private Advisors delivers the highest level of personal service and market expertise. In consultation with you, we analyze your investment objectives and deliver appropriately tailored solutions that manage risk effectively.

Who We Are

Credit Suisse Private Advisors is:

- A Swiss-based investment management firm that offers global diversification and wealth management strategies to affluent individuals, families and institutions
- One of the select few financial institutions outside the US with legal and regulatory authority to advise US residents on direct European investments
- Registered with the Financial Industry Regulatory Authority and the Securities Exchange Commission
- A wholly-owned subsidiary of Credit Suisse A.G., a global financial services company founded in 1856 in Zurich, Switzerland with assets under management of 1250 billion CHF as of September 2010.
