

Verein MUNTERwegs. Resilient children.

Verein MUNTERwegs. Facts.

The charitable association Verein MUNTERwegs was founded in 2009 with the aim of supporting children and young people through mentoring.

The association is based in Menzingen in the Canton of Zug.

Objectives

In the MUNTERwegs program, volunteers from all generations support children and young people from vulnerable families as mentors. One of the MUNTERwegs program's main concerns is to improve the educational opportunities of the children and young people who take part, including through specific support with German as a second language and holistic, systemic learning support. The program also helps participants to pursue healthy and rewarding leisure activities. With MUNTERwegs, what is important is that the volunteers enjoy and are interested in supporting these mentees – they do not need any special prior knowledge.

The mentors are carefully introduced to their interesting and varied role and are supported by a project team with regular coaching and group activities. They meet the children approximately twice a month for around eight months and provide support where it is needed. Parents and teachers are also involved in the project.

The MUNTERwegs mentoring program is offered every year afresh at the various MUNTERwegs locations in accordance with a clear project plan for a group of approximately ten to 12 pairings. The Credit Suisse Foundation's contribution is used for the pairings in Central Switzerland.

Corporate citizenship. Empowering people.

In collaboration with our employees, we work with selected partner organizations to confront social issues. Together, we strive to build a more inclusive future where all people can access the resources and develop the financial, entrepreneurial, and other skills to thrive in the economy and society. As part of this commitment, we established three focal themes: financial inclusion, financial education, and future skills.
