## Credit Suisse Global Private Equity Fund – Q2 2018 Fund update

The following is a summary of aPriori Capital's second quarter update from September, 2018. References to "**the Fund**" refer to DLJ Merchant Banking Partners IV, L.P., the Underlying Fund as defined in the Global Private Equity Fund's Product Disclosure Statement ("PDS").

All investments are quoted in USD unless otherwise stated. Please note, changes in the AUD/USD impacts the performance of the Global Private Equity Fund in Australia.

### Summary

During the second quarter, the value of the portfolio increased by \$9.6 million reflecting increased valuations for HealthMarkets (+11.9 million), The Service Companies (+5.1 million) and NIBC (+0.1 million) offset by a write-down in the value of Laramie Energy II (-6.9 million) and Guala Closures (-0.6 million).

As of June 30, 2018, the Fund had invested \$1.8 billion, or 97.8% of its committed capital, in 21 investments. To date, the Fund has returned \$1.25 billion in proceeds or 70% of invested capital to our Limited Partners. The Fund has an aggregate value of \$1.54 billion or 0.85x invested capital, comprised of realized proceeds of \$1.25 billion and the unrealized value of \$285.1 million.

Since the end of the second quarter, the Fund has closed sale transactions relating to The Service Companies and Guala Closures as detailed below:

- During June 2018, after an extensive auction process, the fund sold **The Service Companies** ("TSC") to a middle market private equity firm. This sale transaction closed during July 2018. The fund received \$23.7 million in proceeds at closing. The sale includes escrows and an earn-out which could increase these proceeds. The total purchase price of \$145.8 million (\$137.8 million excluding escrows and the earn-out) is 11.0x Adjusted LTM EBITDA (10.4x excluding the escrows and the earn-out).
- During April 2018, a sale agreement was signed to realize the fund's investment in **Guala Closures** ("Guala"). Guala was sold to SPACE4, an Italian Special Purpose Acquisition Company (SPAC). The transaction valued Guala at €1.1 billion, representing 10x 2017A EBITDA. The transaction closed during August 2018 and the consideration consists of cash proceeds of \$149.7 million and shares of Guala Closures (valued at \$19.1 million). The total value achieved of \$168.8 million represents 1.3x our original cost of \$132.3 million (1.6x cost at constant currency).

The cash proceeds received by the Fund relating to the TSC and Guala sale transactions have been distributed to the limited partners during Q3 2018.

In view of the significant holdings that remain in the Fund, the General Partner has considered fund life matters (the Fund would otherwise be terminated in September 2018). With the unanimous support of the limited partner advisory committee and in accordance with section 10.01 of the limited partnership agreement, the General Partner has decided to extend the Fund for an additional and final one-year term. This third and final one-year extension will extend the life of the Fund to September 15, 2019.
