V. Notice is given to the Unitholders of **Credit Suisse (Lux) Corporate Short Duration EUR Bond Fund, Credit Suisse (Lux) Corporate Short Duration CHF Bond Fund and Credit Suisse (Lux) Corporate Short Duration USD Bond Fund** (for the purpose of this section, the "**Subfunds**") that the Board of Directors has decided to amend the "Investment Objective and Investment Policy" section of the Subfunds' supplement in Chapter 22 "Subfunds" of the Prospectus in order to provide that:

- each Subfund may invest up to 10% of its total net assets in asset backed securities (ABS) and mortgage backed securities (MBS); and
- securities in the non-investment grade sector may represent up to 10% of the total net assets of each of the Subfunds.

In addition, Unitholders of the Subfunds should note that the previously existing section "Specific Risk Information" has been deleted and replaced by a new section "Risk Information", as follows:

**Old section "Specific Risk Information"**

Since these Subfunds may invest in debt instruments in the lower investment grade sector, the underlying debt instruments may present a greater risk in terms of downgrading or may exhibit a greater default risk than debt instruments of first-class issuers. The higher return should be viewed as compensation for the greater degree of risk.

These are very conservative Subfunds that can be expected to exhibit slow but steady growth. A drop in price within a one-year time horizon is unlikely.

**New section "Risk Information"**

The risks related to the Subfunds are further described in Chapter 7, "Risk Factors". Potential investors should note that, in addition to the risks specified in Chapter 7, "Risk Factors", the prospective returns generated by securities of issuers in the emerging markets are generally more volatile than those generated by similar securities issued by equivalent issuers in the developed, industrialized countries. Emerging countries and developing markets are defined as countries which are not classified by the World Bank as high income countries. In addition, high income countries which are included in an emerging market financial index of a leading service provider may also be considered as

emerging countries and developing markets if deemed appropriate by the Management Company in the context of a Subfund's investment universe.

**VI.** Notice is finally given to the Unitholders of every subfund of the Fund (for the purpose of this section, the "**Subfunds**") that the Board of Directors has decided to amend the Subfunds' supplements in Chapter 22 "Subfunds" to clarify that subscription, redemption and conversion applications must be submitted in written form to the Central Administration or a Distributor authorized by the Management Company to accept such applications, by 3 p.m. (Central European Time) one Banking Day prior to the Valuation Day on any day on which banks are open for business in Luxembourg. Subscription, redemption and conversion applications received after this cut-off point shall be deemed to have been received prior to 3 p.m. on the next following Banking Day. The payment of the issue price must be effected within one Banking Day after the Valuation Day on which the issue price of the Units was determined. The payment of the redemption price of the Units shall be made within one Banking Day following calculation of this price.

Unitholders should note that this amendment is made solely for the purpose of aligning the Subfunds' supplements with the general part of the Prospectus, as those informations were missing from the Subfunds' supplements, and does not constitute a material change.

Unitholders who do not agree with the changes listed under points **I.**, **II.**, **III.**, **IV.** and **V.** above may redeem their units free of charge until **4 January 2021** at 3.00 p.m. CET.

Unitholders should note that, once the above changes enter into effect, the new prospectus of the Fund, the Key Investor Information Document (KIID), the latest annual and semi-annual reports as well as the management regulations may be obtained at the registered office of the Management Company in accordance with the provisions of the prospectus.

These documents are also available on **credit-suisse.com**.
