I. Notice is hereby given to the Unitholders of the Fund that the board of directors of the Management Company (the "**Board of Directors**") has decided to amend Chapter 5 "Investment in CS Investment Funds 13" of the prospectus of the Fund (the "**Prospectus**") and more specifically section vi on "Measures to Combat Money Laundering" and section viii "Prohibited Persons, Compulsory Redemption and Transfer of Units", as well as Chapter 18 of the Prospectus "Regulatory Disclosure", more specifically the section headed "Best Execution", in order to reflect certain recent regulatory developments.

II. Notice is also hereby given to the Unitholders of the Fund that the Board of Directors has decided to amend Chapter 2 of the Prospectus "CS Investment Funds 13 - Summary of Unit Classes" and more particularly footnote (4) and (6) regarding the definition of D unit class as follows:

	Old wording	New wording
Footnote (4)	Units of Class DA, DAH, DB and DBH can only be acquired by those investors who have concluded a discretionary asset management agreement, as defined by the Management Company, with a subsidiary of Credit Suisse Group AG. Moreover, subject to the prior consent of the Management Company, Class DA, DAH, DB and DBH Units may also be acquired by institutional investors who have concluded an advisory agreement or any similar agreement, as defined by the Management Company, with a subsidiary of Credit Suisse Group AG.	Units of Class DA, DAH, DB and DBH may only be acquired by investors under an approved discretionary asset management agreement, with a subsidiary of Credit Suisse Group AG. Class DA, DAH, DB and DBH Units may also be acquired by institutional investors under an approved agreement with a subsidiary of Credit Suisse Group AG. The agreements that are eligible for these unit classes are determined by the Management Company.
Footnote (6)	Units of Class DA, DAH, DB and DBH are not subject to a management fee but only to an all-in management service fee, payable to the Management Company covering all fees and expenses excluding the fees payable to the Depository Bank of at least 0.03% p.a. but not more than 0.15% p.a.	Units of Class DA, DAH, DB and DBH are subject to a management service fee, payable by the Fund to the Management Company covering all fees and expenses as described in Chapter 9, "Expenses and Taxes", of at least 0.03% p.a. but not more than 0.25% p.a. although in certain cases the transaction fees and the fees of the Depository Bank's correspondents may be charged additionally.

Additional fees will be charged directly to the investor, upon the conditions of the separate agreement entered into between the investor and the relevant entity of Credit Suisse Group AG.

Notice is also hereby given to the Unitholders of the Fund that the Board of directors has decided to reflect this change in Chapter 5 of the Prospectus "Investment in CS Investment Funds 13" under sections "Unit Classes dedicated to a specific type of Investors" and iii "Redemption of Units".

III. Notice is also hereby given to the Unitholders of the Fund that the Board of Directors has decided to amend Chapter 6 "Investment Restrictions" of the Prospectus, especially item 5), in order to clarify (a) that the Management Company may also charge a management fee for investments in Target Funds considered to be Affiliated Funds and a performance fee may be indirectly charged from the assets of the Subfund in respect of the Target Funds contained therein; (b) that the cumulative management fee at Subfund and Target Fund level for Subfunds investing more than 10% of the total net assets in Target Funds will be specified in the supplement of the relevant Subfunds in Chapter 22, "Subfunds" of the Prospectus.

IV. Notice is finally given to the Unitholders of the Fund that the Board of Directors has decided to amend Chapter 22 "Subfunds" of the Prospectus in order to introduce a new wording in the "Investment Objective and Investment Policy" section of the concerned subfunds to comply with the new ESMA Q&A on Benchmarks, as follows:

Name of the Subfund	New Wording on benchmark
Credit Suisse (Lux) Asia Corporate Bond Fund	This Subfund aims to outperform the return of the JPM Asia Credit Index ex-Sovereign 1-10Y USD benchmark. The Subfund is actively managed. The benchmark is used as a reference point for portfolio construction. The majority of the Subfund's exposure to bonds will refer to, and have weightings derived from, the benchmark. The Investment Manager may use its discretion to overweight or underweight certain components of the benchmark and invest in bonds not included in the benchmark in order to take advantage of specific investment opportunities. It is thus expected that the performance of the Subfund will significantly deviate from the benchmark.
Credit Suisse (Lux) Asia Local Currency Bond Fund	This Subfund aims to outperform the return of the JPM GBI Asia Pacific Diversified 1-10Y USD benchmark. The Subfund is actively managed. The benchmark is used as a reference point for portfolio construction and as a basis for setting risk constraints. The majority of the Subfund's exposure to bonds will refer to, and have similar weightings to, the benchmark. The Investment Manager may use its discretion to invest in bonds not included in the benchmark in order to take advantage of specific investment opportunities. It is thus expected that the performance of the Subfund will to a limited extent deviate from the benchmark. There are however market conditions that may result in the performance of the Subfund being closer to the performance of the benchmark.
Credit Suisse (Lux) Commodity Index Plus USD Fund	This Subfund aims to outperform the return of the Bloomberg Commodity Index (TR) benchmark. The Subfund is actively managed. The benchmark is used as a reference point for portfolio construction. The majority of the Subfund's exposures will refer to, and have weightings derived from, the benchmark. The Investment Manager will use its discretion to overweight or underweight certain components of the benchmark and may invest in sectors not included in the benchmark in order to take advantage of specific investment opportunities. It is thus expected that the performance of the Subfund will materially deviate from the benchmark.
