## Introduction

Credit Suisse Group AG and Credit Suisse file an annual report on Form 20-F and furnish or file quarterly reports, including unaudited interim financial information, and other reports on Form 6-K with the US Securities and Exchange Commission (SEC) pursuant to the requirements of the Securities Exchange Act of 1934, as amended. The SEC reports of Credit Suisse Group AG and Credit Suisse are available to the public over the internet at the SEC's website at [www.sec.gov](http://www.sec.gov) and from the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549 (telephone 1-800-SEC-0330). The SEC reports of Credit Suisse Group AG and Credit Suisse are also available under "Investor Relations" on Credit Suisse Group AG's website at [www.credit-suisse.com](http://www.credit-suisse.com) and at the offices of the New York Stock Exchange, 20 Broad Street, New York, NY 10005.

Unless the context otherwise requires, reference herein to "Credit Suisse Group," "Credit Suisse," "the Group," "we," "us" and "our" mean Credit Suisse Group AG and its consolidated subsidiaries and the term "the Bank" means Credit Suisse, the Swiss bank subsidiary of the Group, and its consolidated subsidiaries.

SEC regulations require certain information to be included in registration statements relating to securities offerings. Such additional information for the Bank is included in this report on Form 6-K, which should be read with the Group's and the Bank's annual report on Form 20-F for the year ended December 31, 2008 (the Credit Suisse 2008 20-F) and the financial reports for the first and second quarters of 2009 furnished to or filed with the SEC on Form 6-K on May 7, 2009 and August 6, 2009, respectively.

The Bank, a Swiss bank and joint stock corporation established under Swiss law, is a wholly-owned subsidiary of the Group. The Bank's registered head office is in Zurich, and it has additional executive offices and principal branches in London, New York, Hong Kong, Singapore and Tokyo.

References herein to "CHF" are to Swiss francs.

This report on Form 6-K (including the exhibits hereto) is hereby incorporated by reference into the Registration Statement on Form F-3 (file no. 333-158199).

## Forward-looking statements

This Form 6-K and the information incorporated by reference in this Form 6-K include statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act. In addition, in the future the Group, the Bank and others on their behalf may make statements that constitute forward-looking statements.

When evaluating forward-looking statements, you should carefully consider the cautionary statement regarding forward-looking information, the risk factors and other information set forth in the Credit Suisse 2008 20-F, and subsequent annual reports on Form 20-F filed by the Group and the Bank with the SEC and the Group's and the Bank's reports on Form 6-K furnished to or filed with the SEC, and other uncertainties and events.

# Key information

## Condensed consolidated financial statements

The Bank's condensed consolidated financial statements – unaudited as of and for the six months ended June 30, 2009 and 2008 are attached as an exhibit to this Form 6-K and incorporated herein by reference.

# Operating and financial review and prospects

Except where noted, the business of the Bank is substantially the same as the business of the Group, and substantially all of the Bank's operations are conducted through the Private Banking, Investment Banking and Asset Management segments. These segment results are included in Core Results. Certain other assets, liabilities and results of operations are managed as part of the activities of the three segments, however, since they are legally owned by the Group, they are not included in the Bank's consolidated financial statements. These relate principally to the activities of Clariden Leu, Neue Aargauer Bank and BANK-now, which are managed as part of Private Banking. Core Results also includes certain Group corporate center activities that are not applicable to the Bank.

These operations and activities vary from period to period and give rise to differences between the Bank's consolidated assets, liabilities, revenues and expenses, including pensions and taxes, and those of the Group.

The discussion of the Group's Core Results for the six months ended June 30, 2009 compared to the six months ended June 30, 2008 is included in the Group's Form 6-K filed with the SEC on August 7, 2009 and incorporated herein by reference. For further information on the differences between the Group and the Bank, refer to Note 24 – Subsidiary guarantee information in V – Condensed consolidated financial statements – unaudited in the Group's financial report for the second quarter of 2009 (Credit Suisse Financial Report 2Q09).

Report of Independent Registered Public Accounting Firm to the Board of Directors of  
**Credit Suisse, Zurich**

---

We have reviewed the accompanying condensed consolidated balance sheets of Credit Suisse and subsidiaries (the "Bank") as of June 30, 2009 and the related condensed consolidated statements of operations, changes in equity, comprehensive income and cash flows for the six-month periods ended June 30, 2009 and 2008. These condensed consolidated financial statements are the responsibility of the Bank's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Bank as of December 31, 2008, and the related consolidated statements of operations, changes in shareholder's equity, comprehensive income and cash flows for the year then ended (not presented herein); and in our report dated March 18, 2009, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2008, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

## Note 1 **Summary of significant accounting policies**

---

### **Basis of presentation**

The accompanying unaudited condensed consolidated financial statements of Credit Suisse (the Bank) are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP) and are stated in Swiss francs (CHF). These condensed consolidated financial statements should be read in conjunction with the US GAAP consolidated financial statements and notes thereto for the year ended December 31, 2008, included in the Credit Suisse Annual Report 2008. For a description of the Bank's significant accounting policies, refer to Note 1 – Summary of significant accounting policies in VII – Consolidated financial statements – Credit Suisse (Bank) in the Credit Suisse Annual Report 2008. For a complete description of recently adopted accounting standards, refer to Note 2 – Recently issued accounting standards in VII – Consolidated financial statements – Credit Suisse (Bank) in the Credit Suisse Annual Report 2008.

Certain financial information, which is normally included in annual consolidated financial statements prepared in accordance with US GAAP but not required for interim reporting purposes has been condensed or omitted. Certain reclassifications have been made to the prior period's consolidated financial statements to conform to the current period's presentation. These condensed consolidated financial statements reflect, in the opinion of management, all adjustments that are necessary for a fair presentation of the condensed consolidated financial statements for the periods presented. The results of operations for interim periods are not indicative of results for the entire year.

In preparing these condensed consolidated financial statements, management is required to make estimates and assumptions, which affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the condensed consolidated balance sheets and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For the most recently adopted accounting standards and standards to be adopted in future periods, refer to Note 1 – Summary of significant accounting policies in V – Condensed consolidated financial statements – unaudited in Credit Suisse Group AG's (the Group) financial report for the second quarter of 2009 (Credit Suisse Financial Report 2Q09). The impact on the Bank's and Group's financial condition, results of operations or cash flows was or is expected to be identical.

### Transfers of financial assets

#### Securizations

The following table provides the gains or losses and proceeds from the transfer of assets relating to the 6M09 securitizations of financial assets treated as sales, along with cash flows between the Bank and the qualified special purpose entities (QSPEs)/special purpose entities (SPEs) used in any securitizations in which the Bank still has continuing involvement, regardless of when the securitization occurred. Only those transactions which qualify for sales accounting and subsequent derecognition of the transferred assets under SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" (SFAS 140) and in which the Bank has continuing involvement with the entity as of the end of 6M09 are included in the table.

In December 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) No. FAS 140-4 and FIN 46(R)-8, "Disclosures about Transfers of Financial Assets and Interests in Variable Interest Entities" (FSP FAS 140-4 and FIN 46(R)-8). This FSP changed and expanded the disclosure requirements for the Bank's involvement with transfers of financial assets and variable interest entities (VIEs) for December 31, 2008, but did not require retrospective application of the new disclosure. Comparable data was not presented for prior periods.

### Other structuring and financing activities

The following table provides the gains or losses relating to 6M09 transfers of financial assets treated as sales which were not securitizations, along with cash flows between the Bank and the SPEs used in such transfers in which the Bank had continuing involvement as of the end of 6M09, regardless of when the transfer of assets occurred.

In December 2008, the FASB issued FSP FAS 140-4 and FIN 46(R)-8. This FSP changed and expanded the disclosure requirements for the Bank's involvement with transfers of financial assets and VIEs for December 31, 2008, but did not require retrospective application of the new disclosure. <sup>1</sup> To deter prepayment, commercial mortgage loans typically have prepayment protection in the form of prepayment lockouts and yield maintenances. <sup>2</sup> CDOs are generally structured to be protected from prepayment risk. <sup>3</sup> Prepayment speed assumption (PSA) is an industry standard prepayment speed metric used for projecting prepayments over the life of a residential mortgage loan. PSA utilizes the constant prepayment rate (CPR) assumptions. A 100% prepayment assumption assumes a prepayment rate of 0.2% per annum of the outstanding principal balance of mortgage loans in the first month. This increases by 0.2% thereafter during the term of the mortgage loan, leveling off to a CPR of 6% per annum beginning in the 30th month and each month thereafter during the term of the mortgage loan. 100 PSA equals 6 CPR. <sup>4</sup> The rate was based on the weighted-average yield on the beneficial interests.
