Approval of the compensation of the Board of Directors and the Executive Board

Shareholders approve, on an annual basis, the compensation of the Board of Directors in a prospective vote for the period until the next ordinary AGM. Shareholders adopted the proposal to approve a maximum amount of compensation for the Board of Directors of CHF 12.0 million for the period from the 2021 AGM until the 2022 AGM with a majority of 82.4% of the votes represented.

Additionally, the shareholders, on an annual basis, approve the compensation of the Executive Board. Compensation may consist of: fixed compensation, short-term variable incentive compensation and long-term variable incentive compensation. As a result of recent significant developments in connection with the US-based hedge fund, the Board of Directors resolved to withdraw its proposals for variable compensation of the Executive Board, comprising short-term incentive compensation and long-term incentive compensation. Shareholders approved a maximum aggregate amount of CHF 31.0 million of fixed compensation for the Executive Board for the period from the 2021 AGM until the 2022 AGM with a majority of 90.6% of the votes represented.

Consultative vote on the 2020 Compensation Report

Consistent with our practice in prior years, the 2020 Compensation Report as updated, which is part of Credit Suisse Group AG's Annual Report, was presented to shareholders at the AGM for a consultative vote. Shareholders accepted the 2020 Compensation Report as updated, with a majority of 82.4% of the votes represented.

Appropriation of retained earnings and ordinary distribution of dividends payable out of retained earnings and capital contribution reserves

Distribution payable out of capital contribution reserves and retained earnings

As a result of recent significant developments in connection with the US-based hedge fund, the Board of Directors proposed a reduced total dividend of CHF 0.10 gross per registered share for the financial year 2020, which shareholders approved with a majority of 92.3% of the votes represented. 50% of the distribution will be paid out of capital contribution reserves, free of Swiss withholding tax and not subject to income tax for Swiss resident individuals holding the shares as a private investment, and 50% will be paid out of retained earnings, net of 35% Swiss withholding tax.

The reduced dividend will help to preserve our strong capital positon. Subject to the 2021 financial performance, the Board of Directors would intend to restore the dividend in 2021 before any resumption of share buybacks.

Other elections

Election of the independent auditors

With a majority of 95.7% of the votes represented, shareholders approved the proposal of the reelection of PricewaterhouseCoopers AG, Zurich, as independent auditors for a term of one year.
