Data Privacy is important – please read the statement below.

CREDIT SUISSE FUNDS AG has issued below Privacy Statement in the light of the upcoming revision of the Swiss Data Protection Act and the enactment of GDPR, the new data protection and privacy regulation of European Union (EU). We therefore kindly ask you to familiarize yourself with the Data Protection Information found below.

3. What Do We Process Your Data for (Purpose of Processing) and On What Legal Basis?

Where we process personal data, we do so in accordance with the provisions of the European General Data Protection Regulation (GDPR) and the Swiss Federal Act on Data Protection (FADP):

You can find other details about the purposes of data processing, to the extent they relevant for the applicable service, in the relevant contract documents.

In addition we may obtain personal data from publicly available sources for client acquisition purposes.

c. As a result of your consent (Art. 6 para. 1a of the GDPR)

As long as you have granted us consent to process your personal data for certain purposes (e.g. analysis of trading activities for marketing purposes), this processing is legal on the basis of your consent. Consent given can be withdrawn at any time. This also applies to withdrawing declarations of consent that were given to us before the GDPR came into force, i.e. before May 25, 2018. Withdrawal of consent does not affect the legality of data processed prior to withdrawal.

Furthermore, as an fund management company, we are subject to various legal obligations, meaning statutory requirements (e.g. the Swiss Collective Investment Schemes Act, FINMA ordinances and circulars, tax laws) and regulatory requirements (e.g. FINMA). Purposes of processing may include identity and age checks, fraud and money laundering prevention, fulfilling control and reporting obligations under fiscal laws, and measuring and managing risks within the company and CREDIT SUISSE.

4. Who Receives My Data?

Within the company, every unit that requires your data to fulfill our contractual and legal obligations will have access to it. Service providers and vicarious agents appointed by us can also receive access to data for the purposes given, if they maintain confidentiality. These are companies in the categories of fund services, IT services, logistics, printing services, telecommunications, collection, advice and consulting, and sales and marketing.

With regard to transferring data to recipients outside our company, to begin with it is to be noted that, as a fund management company, we are obliged to be discrete regarding certain matters of which we acquire knowledge (fund client secrecy, contractual secrecy obligations). We may pass on information about you only if legal provisions demand it, if you have given your consent, or if we are otherwise authorized to disclose such information. Under these requirements, recipients of personal data can be, for example:

- Public entities and institutions (e.g. Swiss National Bank, FINMA, financial authorities, criminal prosecution authorities) upon providing a legal or official obligation.
- Other financial service institutions or comparable institutions to which we transfer your personal data in order to carry out a business relationship with you (depending on the contract, e.g. custodian banks, brokers, stock exchanges, information offices).
- Other companies within CREDIT SUISSE for risk control due to statutory or official obligation.

Other recipients of data can be any units for which you have given us your consent to transfer data or for which you have released us from any applicable confidentiality obligations by means of a declaration or consent, or where we are otherwise authorized to disclose such data.

5. Will Data Be Transferred to a Third Country or an International Organization?

- a. Data transfer to units in states outside Switzerland and the EU (known as third countries) takes place so long as
 - it is necessary for the purpose of carrying out our functions as a fund management company or other services
 - it is required by law (e.g. reporting obligations under tax law or vis-à-vis supervisory authorities), or
 - you have granted us your consent
- b. Please contact us if you would like to request to see a copy of the specific safeguards applied to the export of your information (Article 13 para 1f of the GDPR).

6. For How Long Will My Data Be Stored?

We will process and store your personal data for as long as it is necessary in order to fulfill our contractual and statutory obligations. It should be noted here that our

business relationship may be a long term obligation, which is set up on the basis of periods of years.

If the data is no longer required in order to fulfill contractual or statutory obligations, it is deleted, unless its further processing is required – for a limited time – for the following purposes:

- Fulfilling legal obligations to preserve records: This includes in particular the Swiss Collective Investment Schemes Act, the Swiss Code of Obligations, the Federal Act on Value Added Tax, the Federal Act on Direct Taxation, the Federal Act on Harmonization of Direct Taxes of Cantons and Municipalities, the Federal Act on Stamp Duties and the Federal Act on Withholding Tax.

7. What Data Privacy Rights Do I Have?

Every data subject may have the right to **access** according to Article 8 FADP (Article 15 of the GDPR), the right to **rectification** according to Article 5 FADP (Article 16 of the GDPR), the right to **erasure** according to Article 5 FADP (Article 17 of the GDPR), the right to **restrict processing** according to Articles 12, 13, 15 FADP (Article 18 of the GDPR), the right of **object** according to Article 4 FADP (Article 21 of the GDPR), and the right to **data portability** according to Article 20 of the GDPR, if the respective provisions are applicable under the circumstances. Furthermore, there may also be a right to **lodge a complaint** with an appropriate data privacy regulatory authority (Article 77 of the GDPR).

You can withdraw consent granted to us for the processing of personal data at any time. This also applies to withdrawing declarations of consent that were made to us before the GDPR came into force, i.e. before May 25, 2018.

Please note that the withdrawal only applies to the future. Processing that was carried out before the withdrawal is not affected by it.

8. Am I Obligated to Provide Data?

In the context of our business relationship, you must provide all personal data that is required for accepting and carrying out a business relationship and fulfilling the accompanying contractual obligations or that we are legally obliged to collect. Without this data, we are, in principle, not in a position to provide our services.

In particular, anti-money laundering regulations may require us to identify you on the basis of your identification documents before establishing a business relationship and to collect and put on record name, place and date of birth, nationality, address and identification details for this purpose. In order for us to be able to comply with any applicable statutory obligations, you may have to provide us with the necessary information and documents in accordance with the Anti-Money Laundering Act, and

to immediately disclose any changes over the course of the business relationship. If you do not provide us with the necessary information and documents, we cannot enter into or continue the business relationship you desire.

9. To What Extent Is There Automated Decision-Making?

In establishing and carrying out a business relationship or in providing services, we generally do not use any automated decision-making pursuant to Article 22 of the GDPR. If we use this procedure in individual cases, we will inform you of this separately, as long as this is a legal requirement.

10. Will Profiling Take Place?

We may process some of your data automatically, with the goal of assessing certain personal aspects (profiling). We use profiling for the following cases, for instance:

- Due to legal and regulatory requirements to combat money laundering, terrorism financing, and offenses that pose a danger to assets. Data assessments (including on payment transactions) may also be carried out for this purpose. At the same time, these measures also serve to protect you.
- We may use assessment tools in order to be able to specifically notify clients and advise clients regarding products. These allow communications and marketing to be tailored as needed – including market and opinion research.

11. We may collect biometric data from you

Biometric data is classified as sensitive personal data under the GDPR. Therefore, where required by applicable law, your explicit consent will be required in a separate process to use your Touch ID or other biometric identification to access certain applications.

Thank you very much.

Kind regards

CREDIT SUISSE FUNDS AG
