

# Business Easy Leasing

Preserve liquidity while driving innovation

Are you planning major investments in order to remain at the cutting edge of technology? Are you looking for entrepreneurial freedom by preserving your liquidity?

With Business Easy Leasing, we offer you an efficient, tailor-made solution for debt financing of the investments you need for your business.

Business Easy Leasing is an individually tailored, liquidity-preserving method of debt financing for mobile capital goods, such as technical equipment and machinery, vehicles, storage equipment, software, etc. We deal with the financing for you and hand the asset over to you for immediate use. This means that you only pay for usage and can estimate the costs immediately as business expenses for tax purposes. The term is usually between four and seven years. For optimal planning security, we offer you flexible framework limits in addition to individual leasing agreements. This lets you process your planned investments simply and quickly over the next twelve months.

#### Your needs

- Preserving liquidity.
- Quick reaction to economic fluctuations.
- Continuously adapting equipment and machinery to technological change.

#### Your benefits

- No loss of liquidity while the asset is being used.
- No expansion of debt financing/credit limits.
- “Pay as you earn” principle – lease payments are spread over the period during which the asset is earning revenue.
- Optimization of capital ratio and tax-deductible business expenses.
- Planning security through fixed costs and term.

#### Requirements

- Utilization of a Business Easy Package.
- Minimum investment amount: CHF 20,000. Term: from 24 months.
- Leased asset not delivered before agreement signed.
