

CSA Mixta-BVG Index 35

Investment policy

The CSA Mixta-BVG Index 35 investment group makes indirect investments globally via indexed funds in fixed and variable-rate securities (some of which are inflation protected), in equities, and Swiss real estate. It invests in six different asset classes in line with the benchmark (physical replication). Equity investments comprise between 30% and 40%. At least 76% of its foreign currency exposure is hedged. In addition to being broadly diversified – different asset classes, which invest in several thousand individual securities – the investment group is characterized by low administrative costs (e.g. research costs and transaction fees).

The investment group meets the investment regulations under the Ordinance on Occupational Retirement, Survivors' and Disability Pension Plans (BVV 2) and the Ordinance on Investment Foundations (OFP) insofar as these are applicable.
