

# The Precious Metal Account

## Timeless Investments – Securely Managed

### Everything You Need to Know about the Precious Metal Account

This solution provides a simple form of investment for book-entry balances in precious metal accounts and is managed in the currency of the relevant precious metal (gold, silver, platinum, or palladium) in ounces.<sup>1</sup> The precious metal account is attractive for investors with frequent trading activity (purchase/sale of precious metals).

The key points at a glance:

- Ability to transfer balances in precious metal accounts, both within Credit Suisse and to other banks
- Balances in precious metal accounts are managed in book form, in contrast to investments in safekeeping accounts
- Credit can be converted into physical precious metal at any time, subject to a charge

### Your Needs

- You want to diversify your portfolio
- You want an overview of your balances in precious metal accounts at all times
- You wish to purchase or sell precious metals frequently

<sup>1</sup> The Credit Suisse regulation on precious metal accounts is applicable

### Your Benefits

- You benefit from a clear investment in account form
- It is possible to convert your credit into physical precious metal at any time

### Potential Risks

- Precious metals are subject to currency and price fluctuations and are therefore only suitable for investors who are able and willing to take on a certain amount of risk
- In contrast to custody in a safekeeping account, credit in the precious metal account would be classed as bankruptcy estate in the event of bankruptcy
