

Change within the Fund Management Team CS Equity Fund (Lux) Global Prestige

On **May 1, 2014**, a personnel change will take place within the Credit Suisse Equity Fund (Lux) Global Prestige fund management team.

Juan Manuel Mendoza will assume Marjorie Sonigo's responsibilities, as she is leaving the bank. Dr. Patrick Kolb will continue to occupy his current function within the fund management team.

Years of expertise

Juan Manuel Mendoza is a proven expert in the luxury goods sector. He has been managing the Credit Suisse SICAV (Lux) Equity Luxury Goods fund since 2008 and will continue to do so going forward. In this role, he has repeatedly won coveted awards in recent years, including three Lipper Fund Awards in France, Germany and Austria in 2011, one Lipper Fund Award in Austria in 2012 and three Lipper Fund Awards in Austria, Germany and Europe in 2013. In addition, he has been co-manager of the Credit Suisse SICAV (Lux) Equity Asia Consumer fund since 2011.

Ensuring continuity

Filippo Rima, Head of Asset Management Equities at Credit Suisse, is confident that the change in the fund management team will ensure the continuity of the fund: "Juan Manuel Mendoza is extremely familiar with the trends in the luxury goods market and has the skills and ability to ensure the sustainable further development of our fund."

Credit Suisse Equity Fund (Lux) Global Prestige

The change within the team will have no impact on the fund's investment policy. The Credit Suisse Equity Fund (Lux) Global Prestige invests in leading global luxury goods companies with high price setting power that are engaged in the manufacture, marketing and sale of luxury goods and services (e.g. jewelry, clocks and watches, fashion, automobiles, cosmetics, liquor and hotels). "The fund is an investment solution suited to all investors who wish to benefit from the high margins of established luxury goods companies and the strong, sustainable growth trend in the sector," explains Filippo Rima. "The rapidly increasing prosperity and emergence of a new, consumption hungry middle class in Asia will continue to fuel demand for prestigious goods."
