

Fund classes without distribution commissions: Introducing E classes for institutional investors

We are pleased to inform you that Credit Suisse is introducing E classes (without distribution commissions) for numerous investment funds effective immediately. The new E classes are available to **institutional investors** at attractive conditions (see [Appendix 1](#)). They also serve as a key component in the **cost-efficient implementation of asset management mandates**.

An extensive list of all Credit Suisse investment funds that currently offer E classes can be found in [Appendix 2](#), and it **will continually be expanded in accordance with demand**. In general, E classes can be easily opened for additional investment funds (within ten business days) once an agreement has been reached with Credit Suisse. Please contact your advisor for more detailed information.

By adding E classes to our proven investment funds, we are accommodating the growing market demand on the part of institutional investors and managers of discretionary asset management mandates for investment concepts without distribution commissions. The E classes enable you to serve the individual needs of your clients even better.

In order to invest in E classes, we kindly ask you to complete and return to the corresponding address the **third-party bank declaration** enclosed with this letter (see [Appendix 3](#)).

We thank you for your trust and look forward to continuing the good collaboration.

Yours sincerely

Credit Suisse Asset Management
