Important Information:

All estimated returns are based on unaudited, internal assessments of the performance of the Fund's portfolio by CSILS's portfolio managers and have not been independently verified pursuant to the valuation process described in the Fund's offering document. The estimated returns are subject to adjustment as a result of items such as changes or delays in the calculation of the profit and loss of the portfolio and certain positions thereof in whole or in part and/or the portfolio manager's assessment of the month-end value of any one or more of the financial instruments in the Fund's portfolio. Any such adjustments could have a material impact on the estimated returns, including a change from a positive monthly net return or year to date performance estimate to a negative monthly net return or year to date performance estimate. All estimated returns are reported net of fees and costs charged at the level of the fund. Past performance is not indicative or a guarantee of future results.
